

Platform Training Slides

Leaders often juggle multiple responsibilities like:

- Performance evaluation, data analysis, and communication of the entire school.
- Managing complex data to extract meaningful insights.
- Making informed decisions under pressure and with limited information.

What if a single platform could streamline all your school's needs?

School's Customised Branding

The screenshot illustrates the branding customization process in a school management system. It shows two versions of the dashboard header:

- Top Version (Placeholder):** Features a box for "Your School Logo" and a text input field for "Your School Name". The navigation menu includes Home, Classes, Students, Teachers, Announcements, and Dashboard.
- Bottom Version (Customized):** Shows the system with the "ing IMPACT" logo and the motto "नेपाल बनाउनेहरूको सन्जाल" (Nepal Banau Neru ko Sanjal). The navigation menu includes Home, Classes, Students, Teachers, Announcements, MST TV, Dashboard, and Help.

Below the header, a welcome message reads: "Welcome John Doe, what would you like to do today?". Two main action buttons are visible:

- Classes:** "Click here to get reports for the classes in your school, and also see comparative stats between the classes."
- Students:** "Click here to get reports on the students in your school."

Integrate your school's logo and motto
for your school's unique branding.
