Feature Release

## Late onboarded students will have access to all Assignments

Following the latest update, late onboarded students can now view both past and current assignments. This update makes it easier for them to turn in assignments that were given to them prior to enrollment.

## Feature Release

# Organized format for Teacher's content

The teacher's contents are now organized within individual folders, with each teacher having their own dedicated space. Before, all the teacher's content was displayed in a simple list format.
